On Friday evenings in Lent addresses will be given on Church History based on the record given in the "Acts of the Apostles."

ROMAN CATHOLIC CHURCH
Services on March 7th.
Rev. M. F. MURPHY

Why should the dependants of those who have given their sight, limb and in many cases their brains for the protection of Canada and people be made to suffer by not having sufficient clothes and educate their children in a satisfactory manner.

A grateful people should show their gratitude in a manner becoming a wealthy nation like Canada.

Strathmore, Alberta, February 22, 1920

SOLDIERS AND RE-ESTABLISHMENT

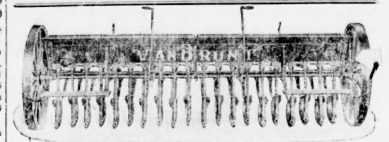

Early in March a Dominion Convention of representatives of the Great War Veterans Association of Canada will meet at Ottawa for consideration, among other things of prosecuting the claims of the veterans for better treatment financially from the country.

It is not a case, primarily, of the wanting a cash grant from the country. The G.W.V.A. proposals embrace assistance in various ways, primarily with the object of giving the returned men a stake in the country that they fought for. They are also asking for better pensions for the men who have been disabled while serving their country at the front. It must be admitted by all who have studied the question of pensions that the present pensions are entirely inadequate. The veterans undoubtedly have Western Canada at large behind them, but the opposition comes from the east, where the moneyed interests are afraid that they may have to disgorge some of their war profits if the fighting men get increased allowances.

Sir Robert Borden has promised further consideration to the veterans' demands, and the Government might as well make up its mind that the men who fought for four years for a common object will continue to stick together until they have impressed their views on the Government.

We have received a circular signed by six organisations intended to represent the returned men asking for a \$2000 bonus for men who have served in France, and lesser amounts for those who have served elsewhere. These organisations probably do not between them represent one-tenth of the returned men who are members of

the G.W.V.A., and there is a suspicion that they are organised by interested parties in order to split the soldiers effective strength, and put forward demands that the Government will undoubtedly reject in order to draw attention away from the same proposals of the G.W.V.A.

JOHN DEERE VAN BRUNT GRAIN DRILLS

Exclusive tilting lever enables operator to set the disc hoes to cover the seed properly whether a large or small team is used, up hill or down. It regulates depth of planting with relation to depth of furrow made by discs.

Adjustable feed gates—patented—guarantee an even flow of seed, any kind, from alfalfa to beans.

Each ground wheel drives half the drill—load is equally divided—this also makes drill steady running. No ratchets, pawls or springs required to drive the machine. Drill is automatically thrown in or out of gear by lowering or raising the discs.

Full-floating axle—drill is carried on axle—wheels travel without pitch or gather—the lightest draft drill.

Van Brunt Drills are made in all standard sizes and styles. There is sure to be a Van Brunt drill that will do your work in the best way.

RUMELY OIL PULL TRACTOR

SERVICE

SERVICE

WHEN you buy a tractor you want first, the most efficient, dependable and economical tractor on the market. Second, you want to be sure of a personal service from your dealer that means something. For what good is the very best tractor to you if you don't thoroughly know how it works and how to keep it working?

I went to the Advance-Rumely Dealers School at LaPorte, Indiana, where the famous OilPull tractor is built for the express purpose of putting myself in a position to give you such service. I was privileged to attend this two weeks course in company with some 250 other dealers selected by the Advance-Rumely Thresher Company.

During the two weeks we worked, and worked hard. We learned the tractor thoroughly—not from books—but by stripping it down and assembling it again. We worked on the motor, transmission—the cooling, ignition and lubrication systems—in fact every part of the machine.

And they put the "cards on the table" there at LaPorte. We were allowed, and urged to look into every branch of the factory—no department was closed to us—nothing was kept from us. We saw the whole inside workings. The bigness of it impressed me—the machine shop alone is 800 feet long—but more than that was the systematic way things are organized and the thoroughness with which the goods are manufactured, inspected and tested. One of the machines, a cylinder grinder, is the only machine of its kind in the country. The OilPull cylinders and pistons, you know, are ground to within 1-1000 of an inch.

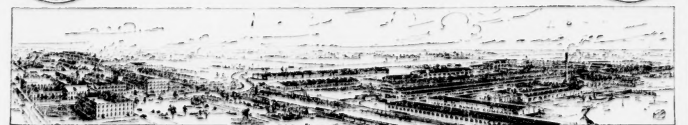

I was pretty well satisfied before I went down to LaPorte that the materials and workmanship that went into the OilPull were the best that went into any tractor—now I am SURE of it.

In the Rumely OilPull Tractor I am not only selling absolutely the most efficient, dependable and economical tractor on the market—and guaranteed, remember—but I am backing it with a personal service that means something.

Where Words End, Music Begins

Words, in themselves, are but poor interpreters of emotion. Where words end, music begins. Where words only suggest, music satisfies; it utters with a clear, vibrant voice what otherwise would remain unuttered.

Music will allow you to express your innermost thoughts and ideals.

But how, you ask, can you create this music since you are no musician nor the master of any instrument?

The NEW EDISON

"The Phonograph with a Soul"

has stored up in its magic discs the music of the world's greatest musicians—the soul-children of the music masters. And this music The New Edison will Re-CREATE for you, in your own home, exactly as you would hear it in the grand opera houses and the famous concert halls.

You should read the beautiful book "Edison and Music" and the book "What the Critics Say" containing evidence that proves Edison's superiority. Ask for copies when you come to hear The New Edison.

John A. McDonald
Honored

A copy of the "Enterprise" Leader
Sask., has reached us containing an
interesting account of a presentation
made to Mr. John A. McDonald, Wor-
shipful Master of Leader Lodge A.P.
& A.M. Mr. McDonald was formerly
Worshipful Master of Strathmore
Masonic Lodge, and was C.P.R. stat-
ion agent here for a number of years.
The account in part is as follows:
Before the lodge closed, R.W. Bro.
Bleeker, on behalf of Leader Lodge
No. 145, presented R.W. Bro. J. A.
McDonald (who is the first Past
Master of Leader Lodge), with a Past
District Deputy Grand Master's re-
solutions. R.W. Bro. McDonald being V.D.
G.M. of the 7th Masonic District,
Alberta. R.W. Bro. Bleeker spoke in
glowing terms of the splendid pro-
gress the Leader Lodge had made
since he (R.W. Bro. Bleeker) had in-
stituted same in June, 1918, up to the
present time, attributing this success
to the earnest and devoted leadership
of its Past Master McDonald, and in-
dicated that the Grand Lodge of Sask.

only regretted that R.W. Bro. McDon-
ald, on account of his position as C.
P.R. Agent, could not devote more of
his time to the interests of the Grand
Lodge of Sask. R.W. Bro. McDonald,
who was taken entirely by surprise
at this beautiful and appropriate pre-
sentation, replied in a very few well
chosen words.

Town Council

Continued from page 1
Intenses of the hour he would defer
thereof in next meeting.
Mr. Ware was reappointed town
collector, and Mr. Pettie tax collector,
for the ensuing year, at the same sal-
aries as formerly.

Namaka Dolings

There are a number of cases of flu
in the district.

Mr. and Mrs. Biggar caught the
prevalent disease after returning from
their trip to Colorado, but are both
now able to be about again.

H. B. Brown has rented his place
to Art. Wildig, and will hold a sale
of stock, etc., on March 10th.

Mr. and Mrs. Otto Wheeler returned
from Illinois last week.

Many will regret to learn of the
death of Emma Gertrude, daughter of
Mrs. Jessie Bell, at Clay City, Illi-
nois. She was a great favorite while
living at Namaka.

Auction Sales

Quite a few auction sales are taking
place in the near future. Tomorrow
the stock and effects of the Sarsons
and Edwards farm near Ardendale
will be sold.

On Monday March 1, a large auc-
tion sale of farm stock and implements
will take place at the German Can-
adian Farm, two and a half miles
west of Hlousar. Mr. Hartsh's lease
having expired. Mr. T. H. Beach is
the auctioneer.

On Tuesday, March 2nd, Mr. Lazzell
will sell 37 head of horses and 202
head of cattle, besides farm imple-
ments, etc., on the Capt. Daly Farm
near Ardendale, which, for several
years past has been leased by Mr. J.
W. Freeman, whose lease has now
expired.

Mr. Lazzell on Thursday, March
4th, will sell the F. M. DeWitt farm,
two miles north of Strathmore.

On Wednesday, March 10th, Mr.
R. A. Johnston will sell the horses
farm machinery, etc., owned by Mr.
H. B. Brown, who has rented his place
to Art. Wildig.

These Sales offer good opportuni-
ties to all who are getting ready for
spring work to buy their require-
ments. Everything offered is good
stuff, and is in first-class shape.
Details of these sales will be found
in our advertising columns.

The quiet days of winter are gone
for this year. Farmers throughout the
winter months in Calgary and else-
where are returning home again to
get ready for spring work. It is be-
ginning to look like old times again.

CHEVROLET CARS

Place your order now. They are bound to go
up in price soon, and it may also be difficult to fill
your order. The Chevrolet at to-day's prices is the
best buy in the market.

Chevrolet Model 490 \$1060.
Baby Grand \$1840.

Ford

WE ARE Ford Dealers in this district and have formed an estimate of the number of cars we will require to meet the needs of this territory. We cannot get enough cars to fill that estimate because there are not enough cars being made to fill all dealers' estimates throughout Canada.

The number of cars we can get depends upon the number of orders we send in and the early date at which we send them in, as the Ford Shipping Department follows the principle, "First Come, First Served."

Cars ordered now will not be delivered until March, and deliveries will be uncertain throughout the year. If you do not want to wait for summer or autumn delivery, come in and reserve your car by signing an order today.

W. C. BROWN, Dealer, Strathmore

NOTICE OF AUCTION

of Farm, Horses, Machinery, etc. belonging to W. H. Elford, Strathmore, will take place Saturday, March 6.

A. LAYZELL Coy.
Auctioneer.

Carsland

Well, the flu is letting up again. Let's hope this will be the last of it for ever and a day.

Mrs. Scobie is still in a very critical condition in the Victoria Emergency Hospital, Calgary.

A heavy snowfall was general all over this locality on Thursday last, which will do a large amount of good and add a little to the moisture already stored up for spring.

Gale Field has recovered from his attack of the flu.

W. L. Brown has the MacCaskill Bros. carpenters, altering the store. They are moving the Post Office to the front of the store and putting in an outside door so that the patrons can get their mail after store hours.

Miss Louisa Kaupp is assisting in the Brown store for the time being.

Mr. Addelman, Marguerite, Spencer and Jack have all had the flu and have not yet recovered.

Pete Travis is working at the bridge hauling steel just now.

Don Lockhart risked a trip from Calgary in his Ford last Wednesday and could have made it through alright had it not been that he had a couple of blowouts about three miles from town and had to be hauled in by Guy Oldham.

"You never know the value of water till the well runs dry" was surely found out by the people of the town a couple of days last week when the engine refused to work.

Clyde Fairs was hauling his seed oats last week from Walter Cole, north of town.

Several carloads of cattle have been unloaded and brought to the Wallace Ranch this week.

The Schools are still closed.

Rev. Thos. Powell of Calgary preached three splendid sermons and had here last Sunday to very small congregations, the flu keeping many away.

Mrs. R. J. Robinson of Bill Creek expected to undergo an operation on Friday last in Calgary.

Ted Lablour returned home on Friday morning after being up north at his homestead for some time back.

Dalemead

Mr. Storm visited Calgary during the week.

John and Mrs. Vandervele motored to Calgary last week and had to leave the car there on account of the deep snow.

BORN to Mr. and Mrs. Martin Vandervele, a daughter.

Mr. and Mrs. M. Vandervele were in Calgary during the week.

Mr. and Mrs. Johnson of Edmonton expect to leave for Edmonton about March 1st where Mr. Johnson has accepted a position.

Scottish Soldier's Death

Mr. John Mackenzie, editor of the Standard, has just received definite news of the death of his brother Donald, who has been listed as missing since Sept. 19, 1915, in the Balkans. Another brother, Murdoch, died in France on November 5, 1918. The account given below is taken from the "Rothesay Express," of January 27, 1920:

"Definite information has now been received as to the death of Lance Corporal Donald Mackenzie, 12th Battalion A. & S. H., on 19th September 1918, in the attack on the heights to the west of the Grand Couronne and Douran, held by the Bulgarians. This soldier was at the time reported 'missing' believed killed, and it was only recently that the War Office reported him as presumed to have been killed on the date mentioned. A letter has just been received by the deceased soldier's parents, Mr. and Mrs. Mackenzie, Seaforth, Craigmore, from Capt. Louit, late of the 12th Battalion, and who was himself severely wounded later in the same engagement. Capt. Louit describes the circumstances pretty fully, and says:—Donald was a member of No. 7 platoon, Lewis Gun Section. On the day of his death the Coy. was leading in the attack on the heights to the west of the Grand Couronne and Lake Douran. His platoon was in the second wave of the attack, and on gaining the second objective, the Tommy's were held up and the second wave was called upon to reinforce the first. At this point the Lewis Gun Section were sent forward to occupy shell holes, about 50 yards in advance, and endeavour to keep down the enemy's machine gun fire. While I was visiting the Lewis Gun Section in their forward position I had arrived at Donald's section, and was pointing out an enemy gun when I noticed he was hit. On investigation I found that he had been wounded by a machine gun bullet just above the heart. I helped to bandage him up and to get him moved, but, alas, he was away in a moment. He did not seem to suffer any pain, died practically instantaneously. He was bright and cheery to the last, and I spoke to him about something he said before he was hit." As to the body not being found and identified, Capt. Louit says this is strange, because when he died he was in a shell hole about 25 yards forward from the trench on the east slope of "The Tongue," and would have been quite easily seen by anyone. The only explanation he can give is that as the spot was being very heavily shelled the shell hole, in which the body lay, may have been struck again or may have been filled in by subsequent shell burst. Concluding his letter, Capt. Louit says:—"Donald and I were very friendly and we used to have chats on agriculture, on which he was keen. He was a splendid fellow and one on whom I could always depend."

Capt. Louit, who resides at Bridge of Doon, Aberdeen, had the misfortune to lose a leg as the result of wounds received in the same action. The Battalion suffered severely, losing three-fourths of its strength.

We are in the midst of another flu plague. Almost the whole neighborhood has been down during the past week. It is hoped that another week the worst will be over.

HAS THE FLU AFFECTED YOU?

If not the best prevention you can get is to freshen up the interior and clean out any germs which may have got in. The Keyword to the situation is "disinfect." Where will you find a better disinfectant than good varnish and calomine? We have a complete stock of Calomine in all colors, also can offer an exceptionally good varnish at pre-war prices.

1 pt. for 65c
1/2 pt. for 45c

WALL SANITATION

ALABASTINED WALLS
are the correct thing for all apartments where pure
is a necessity and durability desired.

ALABASTINE
is a chemical and sanitary compound that will not
harbor disease, germs or insects.

ALABASTINE
is made in 21 beautiful and unfading tints. It is
most economical and satisfactory of all wall
coatings.

ALABASTINE
is suitable for coating plaster, wood, canvas, wall
paper, or other interior surfaces.

ALABASTINE
is easy to mix, and easy to apply. One coat will
make a solid that on ordinary walls.

ALABASTINE
is sold at the Strathmore Hardware. Do not
accept a substitute. There is only one Alabastine.

Returns from Advance-Rumely Deal-
ers School at La Porte, Indiana.

Mr. T. H. Eves has just returned
from the Advance Rumely Dealers
School at La Porte, he states that
he spent a most profitable and pleas-
ant three weeks as the guest of the C-
Pull Company. We will let him tell
his own story. On arriving at La
Porte we registered and were as-
signed to rooms with private families
in town giving a little touch of home
life which only strangers in a strange
place know how to appreciate. The
school was run much like a large
university with regular lectures and
laboratory classes, running from 8.00
in the morning until 5.00 in the evening.
Lectures were given by the best
engineers in the automobile industry
after the lecture we would put on our
overalls and go into the laboratory
and work on the machines. There
was an enthusiastic group of men
working on motor transmissions, run-
ning tractors. We had altogether some
250 dealers from all over the United
States and Canada. One man, Mr.
Rosenberg, came all the way from
Stockholm, Sweden to attend the
school, he represents the Company
in Sweden which handles the Rumely
line. In Scandinavian, Russia, and
Poland We made a trip through the
entire plant spending a half day with
the C- Pull, and the same amount of
time in the Separator factory, be-
lieve me, it is a whole of a factory,
the plant alone covers 85 acres and
employ 2000 men. We were enter-
tained by the employees in their
Club, a fine two story brick building
which they turned over to us during
our stay. In brief we had a whole of
a time, dances, moving pictures, vau-
deville, the climax was a banquet
given at the Masonic Hall by the Rum-
by Company as a sort of farewell party.
Some feed I claim. Mr. T. H. Eves
is more enthusiastic than ever about
the Company and its product and
states that he is now in a position to
give personal service to his customers
that can't be beat.

Local Holdings

Hon. Abnerley Jones, an English
Court Justice, remarked lately that
he had never been in a tube railway,
and never intended to be in one. It
would look as if our Mayor who is a
relative of Hon. Abnerley Jones, had
inherited some of his ideas on the
subject of modern progress.

The funeral took place on Monday,
of Mrs. P. Vidal, whose death too,
place only last week on account of
pneumonia. The funeral had been
postponed for the recovery of her
husband, who had been ill at the same
time. The funeral service was con-
ducted by Rev. Canon Montgomery.
The greatest sympathy is felt with
Mr. Vidal in his affliction.

The heavy snowfall on the 18th
has again blocked the roads, which
were in some cases becoming pas-
sable for motor traffic. This will be
down in Southern Alberta history as
one of the deadliest winters in history.

The saturation of housing which
occurred in Strathmore during last week
and has caused much indignation,
and we have received a number of
complaints regarding it. Occurring
as it did, in proximity to so many
sick people, it seems like a disgrace
to those parking in it. Some people
apparently have the idea that if they
keep themselves full of whiskey they
will avoid this. If they do so and
holidays somewhere it wouldn't be
so bad, but when they start creating
disturbances it is time for the author-
ities to step in, and we are assured
that if the offence is repeated they
will step in.

Mr. Joe Bolton conducted the Union
Church services on Sunday, in the
absence of the pastor through illness,
in a very acceptable manner.

Mr. Geo. Voss left for the coast on
Thursday, and Mrs. Voss will follow
next week. They will be missed in the
community, but we wish them all
success in the future. The Voss farm
has been bought by Mr. E. Berkeley,
a returned soldier.

Remember that funds are be-
ing wanted for the drought sufferers in
Southern Alberta. Remembering how
we in this district have benefited to
the extent of hundreds of cars of
green feed shipped to drought districts
we should be willing to do something
to carry the sufferers over till next
crop.

A meeting in reference to the Matine
Benevolence will be held at the King
Edward Temple Rooms or the Town
Hall on Friday of this week at 2.30
All interested are urged to attend.

The Anglican Ladies' Guild will
hold a sale of children's clothing and
aprons on Saturday, April 10th. It is
also their intention to have a Bazaar
and Sale on this date.

Mr. G. F. Butler has returned to
Strathmore, much benefited by his
holiday at the coast.

Max Wilson, a Strathmore child-
ren, who is now a stock inspector for
the province, was in town over the
weekend. Max was once overseas and saw
service in France with the 4th Bn.

Mr. Otto Bruner has been in town
in business this week.

Remember that Friday is day for
voting on the Road Bill.

Rev. T. Phillips is recovering rap-
idly from his recent illness and hopes
to resume his regular work this week
and next Sunday.

Carsload U.F.A. Local will hold a
Box Social and Dance on 9th March
at Carsload Hall. All proceeds will
go to the Drought Relief Fund. 2.30

CANADA'S PLACE IN THE EMPIRE

Canada is the foremost of the Em-
pire of the British Empire, and, being
nearest, the great responsibility rests
upon her, not alone to aid and succor
in battle, but to lead the van in all
forms of industrial life to raise every
opportunity to increase the standard
and quality both of herself and of
the Empire.—The Agricultural Gas-
ette for January 1920.

LADIES AND MEN'S WATERPROOF COATS

You will be pleased with the material, style and smartness
of these coats. The prices are very reasonable, and we advise
an early inspection as it will be impossible to keep up the stock
owing to the manufacturers having more orders than they have
cloth to make them up.

CROCKERY DEPARTMENT

Just arrived, 1 to 5 gallon Crockets, Gal. Jugs, Bean Pots, Cane
Milk Pans and Mixing Bowls, Flower Pots.

Are you getting all the EGGS you should? We have the
following Egg producers:

Chicken Mash, Ground Bone, Cracked Corn, Alfalfa Meal, Bran
and Shorts.

Buy all the Tea and Coffee you can use for a year, you will
save money.

Popular Novels

Just received at the Rexall Drug Store an assortment of Reprints, including the works of Zane Grey, Rex Beach, Harold Bell Wright, Jack London and others.

Flu Hits Strathmore

Many Families Down

After having enjoyed immunity for two weeks, while there were a big number of cases in the country, Strathmore was affected by the influenza epidemic at the beginning of this week, and since that time there are said to be about 15 families affected in town.
Fortunately most of the cases are of a comparatively mild type, and most of those stricken last week are well on the road to recovery. The exception, unfortunately, is Cyril Knishka, a young man of 21 years of age, who took ill nine days ago, and died early on Tuesday morning in the King Edward Hotel, the new wing of which is being used as an emergency hospital.
School has been closed down since the beginning of the week, and will stay closed until the epidemic subsides.

Woman's Institute

A most enjoyable meeting of the Women's Institute was held at the home of Mrs. J. Valk Wednesday, February 18th at 3 p.m. About 14 ladies responded to roll call, fifteen not on "concert evening".
Part of the programme was held over until next meeting as considerable business was discussed, three delegates elected to attend the annual convention to be held at Edmonton, March 16-17-18. Delegates, Mrs. A. D. Ashby, Mrs. E. E. Thompson, Mrs. R. E. Hall. The meeting then adjourned and refreshments were served by the hostesses.

Crowfoot News

Messrs Harold Scherer, Jim Barnett and Leslie West report a splendid time on their Banff trip.
Miss Ruth Scherer spent the week end at home.
Miss Frieda England returned Saturday after several weeks' visit in Calgary.
Mrs. A. Barnett spent last week at Rockyford.
Hornstrom line have started work on Stanger's barn.
H. G. Scherer hauled a car of lumber for the house which they intend building in the spring. Hornstrom line have the contract.
Rev. Hipkin took dinner Sunday with Mr. and Mrs. E. C. Scherer.
Mr. McKay over teacher's husband was very sick on Sunday last. They had to call Dr. Giffin out. The last report Mr. McKay was doing nicely.
This district is fortunate in having no flu cases as yet.
Miss Kamuelia and Edwina Scherer spent Sunday with Mrs. R. West.
Mr. and Mrs. Otto Wheeler and Mr. and Mrs. Frank Wheeler who have been visiting in Illinois this winter returned last week.
Mr. A. J. J. Weyers has started repairs on his place here.
Miss Frieda Schmidt has been sick in Calgary with scarlet fever but has about recovered at present.
Mr. C. Balard and Mr. A. Wildt spent Sunday with Mr. and Mrs. A. Stokvis.

NOTICE

All accounts owing E. F. Welling are payable either to O. F. Bremer or Union Bank.

O. F. BREMER

"LISTEN TO THIS"

During the past five years, the mercantile and financial interests of the country have passed through a very trying period, and, doubtless, it will take years to bring conditions back to normal.
Fire Insurance has suffered with the rest, and now when times are improving, we are particularly anxious to make an extra effort during 1920 to place the Old Hartford in the position it should occupy amongst the Insurance Companies doing business in Canada.

It came into the Canadian field in 1826 at a time when the mercantile interests of the Dominion required the protection which could not be obtained elsewhere, owing to the limited number of companies that could see their way clear to impart their capital in a field of such doubtful future.
The Hartford, however, believing in that great future, came promptly to the rescue, the result being that it became part and parcel of Canadian enterprise, building up a reputation for fair and square dealing that places it in the first rank of companies doing business the world over.
We not only keep all our Canadian funds in Canada, but have, on many occasions, drawn millions of dollars from the Home Office to meet the liability incurred in the Canadian field.
All our western losses are payable at Winnipeg office from funds held in Winnipeg.
The Hartford has assets of over forty-five millions, and a reputation second to none.
Can we help you?
See Me
F. R. LILLY
Agent.
STRATHMORE

LAND BARGAINS

We have now the following lands to sell on crop payment, 400 acres 5 miles south of town known as the Boy Gentry farm, well improved. This is a real farm and a good money maker. Just apply unless you have some cash.
416 acres two miles west of Town known as the Klay Section, well fenced and crossfenced, 200 acres cultivated, 200 more can be, 220 acres in 25-25 adjoining the A. Peel farm, improved, 200 acres of this can be farmed, with a fair cash payment. This land can be bought at \$22.50 per acre, is only three miles from station.
15 acres with house, barn and other outbuildings, fenced and broken, only a mile from Strathmore \$1000.
The substantial men of any country as a rule are the men who hold the title to the Real Estate of that Country. The opportunities to get in with small amounts of capital are HERE! Now, can you manage to get in on something, others are, and are making good.

SEE MCNEEL'S, THE LAND MAN.

BUY AN IRRIGATED FARM

FROM

THE CANADIAN PACIFIC RAILWAY

BECAUSE—

Irrigation makes the farmer independent of rainfall, and insures good crops, not occasionally, but every year.
Irrigation makes possible the successful culture of almost all kinds of foodstuffs, which insures good returns in drying and mixed farming.
Irrigation means intensive farming and low settlement with all the advantages of a densely populated agricultural community.
Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the years that it has been tried having abundantly demonstrated its success wherever intelligently applied.
You can buy irrigated land from the Canadian Pacific Railway at prices averaging \$50 per acre, with twenty years to pay and the privilege of a loan of \$7,000 for improvements (4% interest) no principal after first payment until end of fourth year, reduced interest if settlement conditions are complied with and no water rental for first year. Contract can be paid off before maturity if desired.

This is the most liberal offer of irrigated farm land on record. For full particulars, apply to

ALLAN CAMERON, General Supt. of Lands
